

Promotes a Healthy Inflammation Response

NewMark's patented Zyflamend® formulation represents a scientific breakthrough in promoting a healthy inflammation response. Ongoing research from Columbia University, the Cleveland Clinic and the M.D. Anderson Cancer Center suggests that Zyflamend provides broad-spectrum modulation of the enzymes and cell signals involved in eicosanoid metabolism. Recent research studies suggest this may be an effective strategy to safely promote healthy function of the joints and musculoskeletal systems, the heart, brain, and immune system.

Capsule: Gelatin, vegetable glycerine, water, and carob.

Serving size: 2 Softgels

Rosemary ...150mg

(leaf) 100 mg supercritical extract and 50 mg extract (23% total phenolic antioxidants [TPA]-34.5 mg)

Turmeric ...110mg

(rhizome) 10 mg supercritical extract (45% turmerones-4.5 mg) and 100 mg ethanolic extract (7% curcuminoids-7 mg)

Ginger ...100mg

(rhizome) 54 mg supercritical extract (30% pungent compounds-16.2 mg, 8% zingiberene-4.3 mg) and

46 mg ethanolic extract

(3% pungent compounds-1.4 mg)
